

Meet the way-out automatic . . . **AUTOMATED STICKSHIFT**

The automatic that's way-in with marrieds. And no wonder. Automated Stickshift is both automatic and manual. In "D" it's a silky-smooth automatic — wonderful for the wife. Want some fun? Just "flick" the lever through the gears. Automatic or manual — the performance is great. Go for the automatic with the dual personality . . . Automated Stickshift . . . now available on the Morris 1100 De Luxe.
